DORMER OPTIONS

MAKE YOUR STRUCTURE FEEL LIKE *HOME*

Make your structure feel and function the way you want. Dormers are a great way to add different lines and appeal to your structure with more space and function. We currently offer Gable and Shed Roof Dormers. Continue reading and decide how you want to innovate your structure.

SELECTION PROCESS:

Reach out to a Building Consultant to discuss the best solution for your needs. Continue scrolling to see the current options.

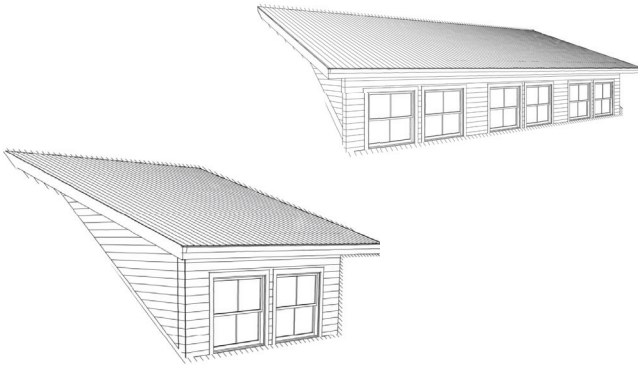

Want something more specific? Reach out to a Building Consultant to get more information. We look forward to bringing your vision to life.

GABLE DORMERS

Gable Dormers are 8 feet wide and come with a 4'x4' window.

These create a more traditional architectural appeal to your structure. Adding comfortable nooks to your interior layout, and more interesting rooflines to your exterior.

SHED ROOF DORMERS

Single Shed Roof Dormers start at 12' wide and come with two 4'x4' windows. These can expand to the full length of your structure.

Shed Roof Dormers create a modern, practical appeal to your structure. Creating more open, consistent areas to your interior layout, maximizing interior floor space, and lower profile rooflines to your exterior.
