MONTANA TIMBER PRODUCTS

A PREMIUM *PRE-FINISHED, SEALED* SOLUTION

Innovative Structures is offering pre-stained siding packages from Montana Timber Products, an industry leader in sustainable, made-to-order, wood solutions of exceptional quality.

The AquaFir™ line provides you with a high-value solution and maintains our standard for excellence, efficiency, and innovation. Each board is developed with meticulous care and craftsmanship, using state of the art milling and texturing techniques. Offering the complete portfolio of AquaFir™ products, we have a solution that fits not only your needs, but also your style.

SELECTION PROCESS:

See our standard pre-stained siding applications below. Want something a little more specific? Continue scrolling to see all the possibilities. Choose your favorite profile, color, texture, wood species, and review fire resistance options.

Have Questions? Reach out to a Building Consultant to get more information. We look forward to bringing your vision to life.

FIRELINE™

Multiple fire treatment options are available for all of the Aquafir™ products.

With the increasing prevalence of forest fires in and around urban communities, Montana Timber Products developed unique fire-conscious offerings that are first-of-their-kind on the market. These innovative treatment solutions protect your home from fire without sacrificing the character and beauty inherent to natural wood.
