A BETTER *WINDOW SOLUTION* FOR YOUR BUILDING

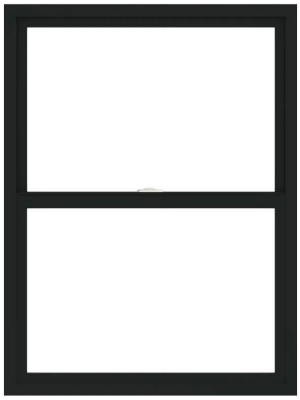

Innovative Structures is offering Fibrex® composite windows by Andersen. They're innovative and sustainable, with sleek contemporary style and a durable, low-maintenance finish. Made of Fibrex® composite material, which is twice as strong and rigid as vinyl. Energy efficiency is built into every window, with options to help you meet the performance level you need. It's a better choice for your home.

SELECTION PROCESS:

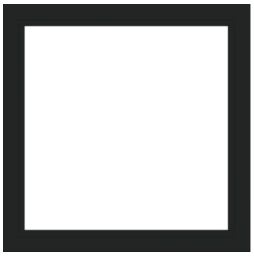

Our standard window package is a black interior and exterior Fibrex window, in a combination of picture, single-hung and gliding profiles. Continue scrolling to see the color options.
